Data Quality Summary

#### Introduction

Education, Health and Care Plan (EHCP) Referral decision: Following a request for an EHC needs assessment, or the child or young person having otherwise been brought to its attention, the local authority must determine whether an EHC needs assessment is necessary. The local authority must make a decision and communicate the decision to the child's parent or to the young person within 6 weeks of receiving the request.

Source, Special educational needs and disability code of practice: 0 to 25 years

**Assessment decision**: Following an EHC needs assessment, the Local Authority makes a decision whether or not to develop an EHC plan.

The whole process of EHC needs assessment and EHC plan development, from the point when an assessment is requested (or a child or young person is brought to the local authority's attention) until the final EHC plan is issued, must take no more than 20 weeks. Where there are exceptional circumstances, it may not be reasonable to expect local authorities and other partners to comply with the time limits above. The Special Educational Needs and Disability Regulations 2014 set out specific exemptions.

Source, Special educational needs and disability code of practice: 0 to 25 years
